WELCOME TO

WELLINGTON
COLLEGE

Welcome to the Wellington College Open Day. We are delighted you have joined us today as we showcase the vibrant Wellington College learning community where students are not only well educated, but well known. We work together to look after the well being of our students, securing a positive environment to learn. Through the many opportunities we offer in the extra-curricular and co-curricular life of the school, we ensure our students are well connected, fostering partnerships with the local and international community. As we aspire for excellence together, our goal is to ensure students are well prepared for their future careers, equipping them with the skills and knowledge necessary for success.

We encourage you to take one of our tours guided by our Senior Prefects as they will give you the full experience of Wellington. You can take a tour from 10.00am in the Walkthrough or after a Principal's Talk. You can break off from a tour at anytime to attend the Talks from the Principal or Vice Principal and re join any tour you see afterwards. Just go back to the last room you visited, and you will meet our groups there.
